Welcome to Northside Independent School District, a family-friendly school district and the school district of choice for thousands of families each year. We're proud of the exemplary academic and co-curricular programs that attract families to NISD.

As the fourth largest school district in Texas, thousands of families choose Northside each year for their child's education. They choose Northside for the wide selection of programs and classes - from full day PreK to elementary STEM labs; dual language programs to dual credit and advanced placement courses; career and technical education classes, magnet programs, and our special education services. They choose Northside for the dedicated and inspiring teachers. They choose Northside to find and develop their passion in fine arts and athletics. They ultimately choose Northside because we provide opportunities for student success now and in their future.

NISD also enjoys the strong support of the many businesses located in the District. Since 1995, the Northside Education Foundation (NEF), a nonprofit of community volunteers and business partners, has administered more than \$9 million in scholarships, teacher grants, and other program accomplishments.

We also are recognized for excellence in sound fiscal responsibility. For the 20th year in a row, Northside has received the highest rating from the state's financial accountability rating system, called School FIRST.

Northside students attend classes in their neighborhood schools or can take advantage of several options that exist for school choice. We welcome your visit to our campuses and look forward to you becoming a part of the Northside community.

Working as a team of eight, in conjunction with the Superintendent, the NISD Board of Trustees are an elected governance board with a shared sense of purpose focused on meeting the needs of all NISD students and the communities they serve. Each board member is a volunteer dedicated to the mission of the Northside Independent School District to transform the learning experience for every student.

OUR MISSION

Transform the Learning Experience

OUR VISION

OUR BELIEFS

Northside's High Quality PreKinder Program

Certified teachers with a college degree in every classroom who are specialized in early childhood education

Specialized programming including bilingual, ESL and special education

Play-based curriculum prepares our children to succeed in Kindergarten and beyond

Learn how Northside's PreKinder program provides opportunity for your child and how to qualify

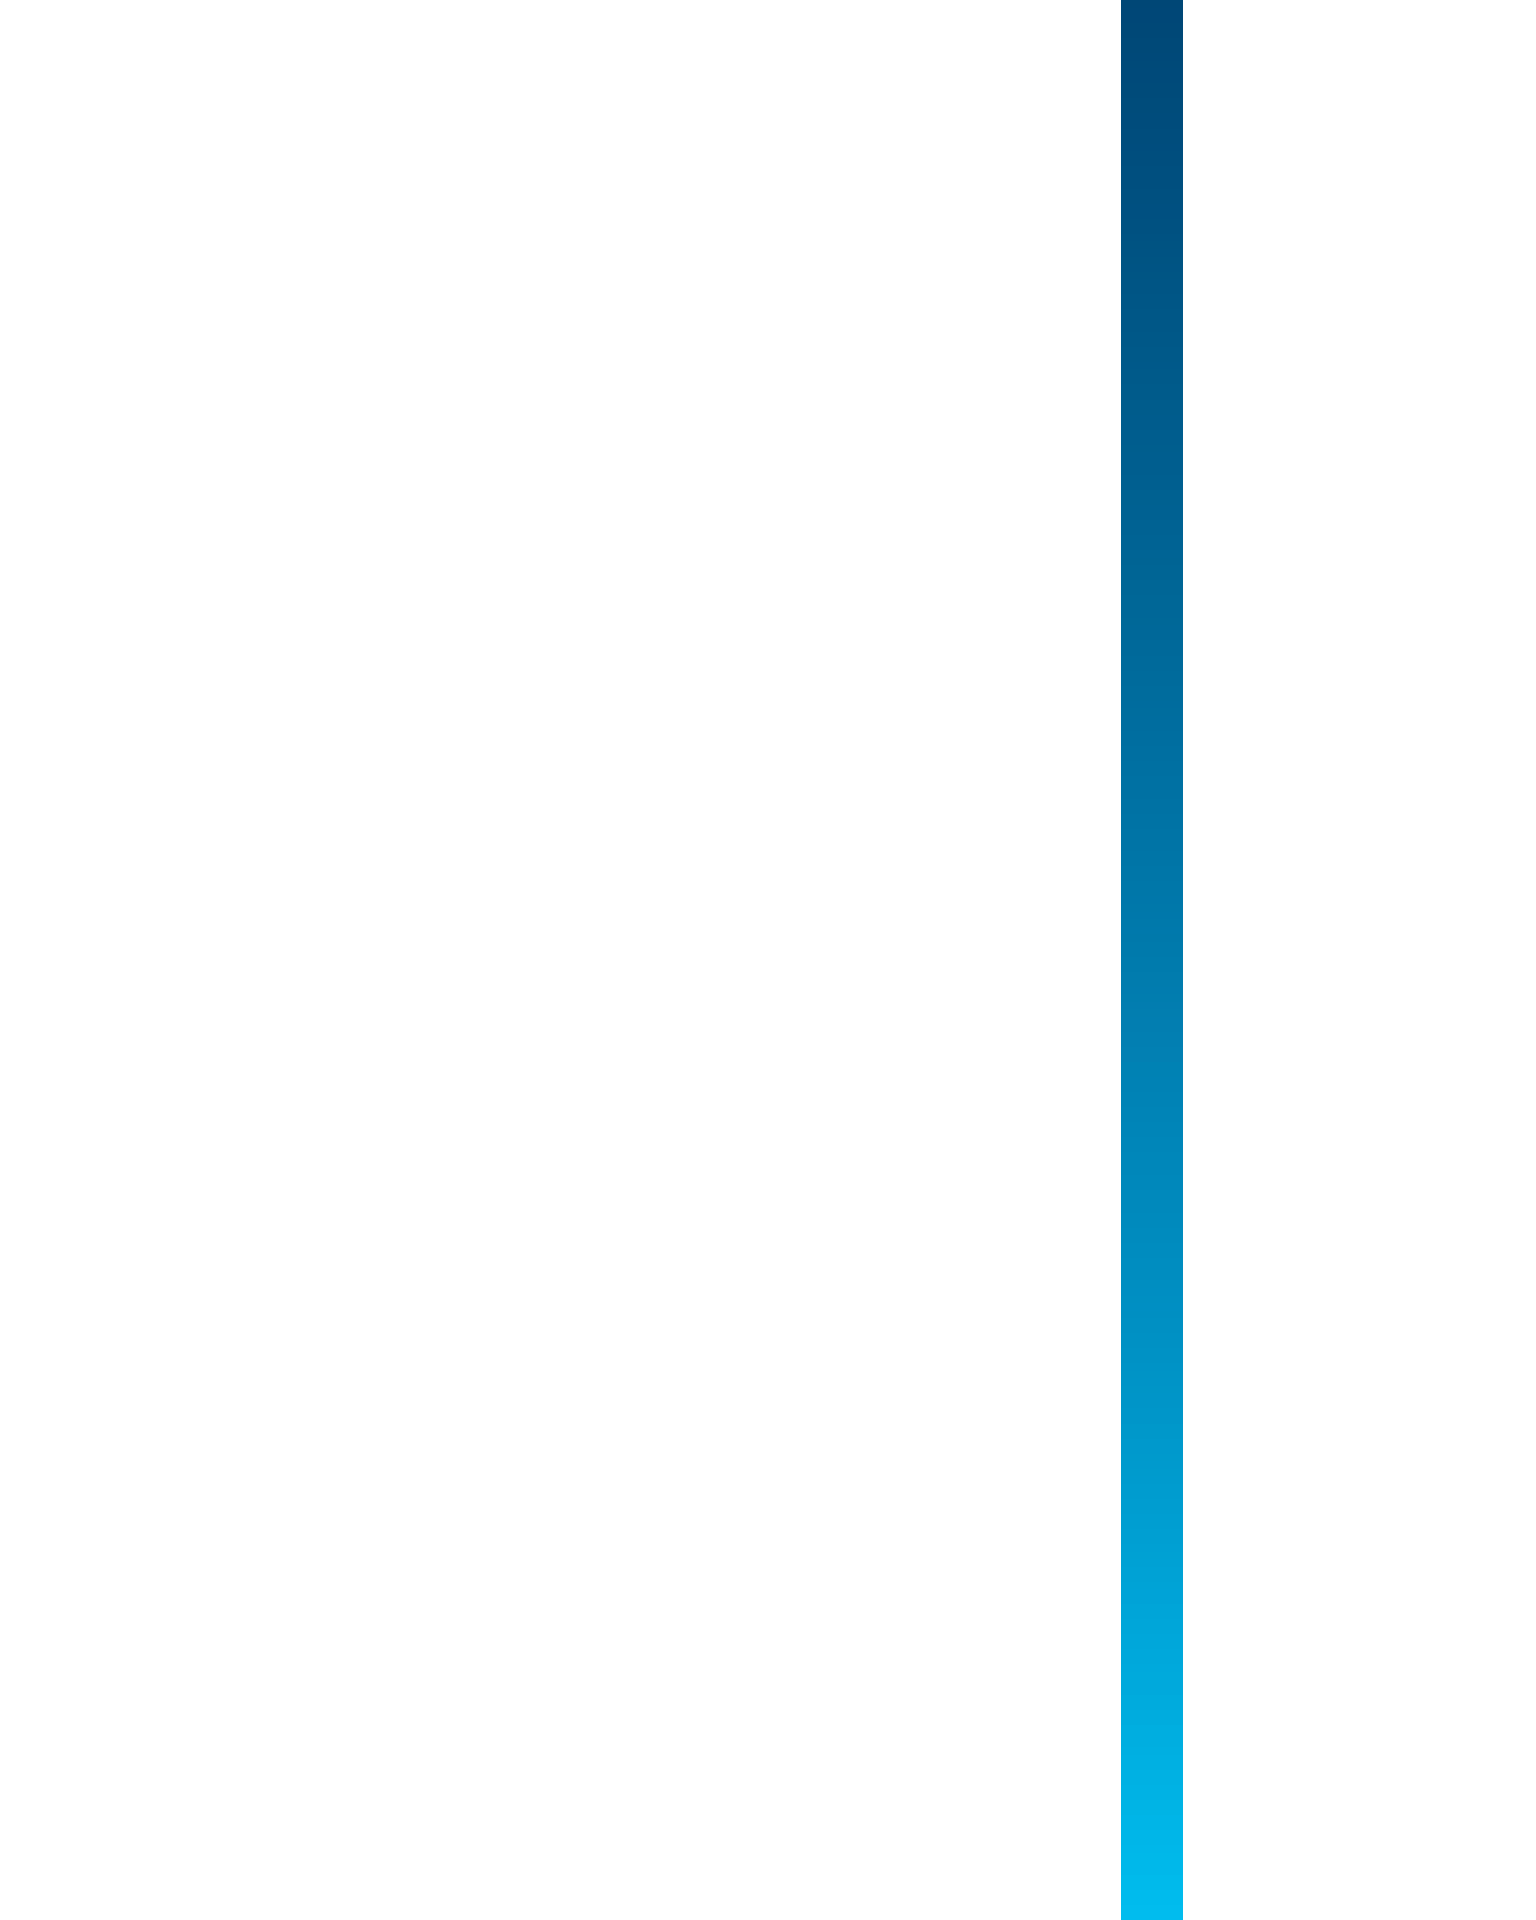

Students in PreKinder through fifth grade benefit from a program that is designed to meet the needs of the young child. Eighty-two NISD elementary campuses offer programs that provide for maximum learning opportunities in reading, writing, mathematics, science, social studies, physical education, fine arts, and STEM.

STEM Labs on every elementary campus allow students hands-on learning with science, technology and engineering concepts with dedicated time to explore and create. Northside STEM Labs introduce students to coding and robotics, providing students the chance to develop a growth mindset and allowing for navigation of future school and career choices. We emphasize perseverance and allow students the space and time to make corrections and improve upon their work

At Northside Independent School District, we believe that every student's potential deserves to be recognized and nurtured. Our Elementary Gifted and Talented (GT) program is designed to empower young minds with significantly advanced intellectual abilities. Each of our elementary campuses boasts a full-time GT Specialist who orchestrates a rich array of services, including pullout sessions that foster creative and independent thinking for students. Our program is rooted in a specially-designed curriculum that aligns with the Texas State Plan for Gifted/Talented Education. Our commitment is to provide an environment where gifted students can thrive intellectually and socially, building the foundation for a lifelong love of learning.

Fine Arts instruction is part of the Northside elementary curriculum, to provide our students the opportunity to create and to imagine what can be. Our certified art and music specialists teach a TEKS-driven curriculum at 100 percent of the district elementary campuses. Students experience multiple hands-on opportunities to develop a joy for singing, dancing, playing musical instruments, and creating art pieces in 2-D and 3-D forms. Elementary art and music programs are highly visible and involve all students. Skills developed in fine arts classes serve to develop the whole child for future success in any career path.

Physical Education is an integral part of the overall education of all students in the Northside Independent School District. The primary goal of physical edu-

Northside students in grades six through eight benefit from a program designed to meet the needs of the adolescent child. Our 21 middle school campuses offer strong academic programs within the core subjects of mathematics, social studies, science, and English Language Arts and include three Middle School Magnet Programs. Students also take courses in physical education and electives such as computer literacy, fine arts, family and consumer science, foreign language, career and technology education, and Skills for Adolescence. Enrichment and acceleration can be achieved through Pre-AP classes and gifted programs. Advanced Learning Programs for High Achievers (ALPHA) offers an array of services for gifted and talented students in middle school.

Northside ISD middle schools focus on ensuring students are college and career ready through:

Fine Arts instruction is part of the Northside middle school curriculum to provide our students the opportunity to create and to imagine what can be. The Fine Arts Department is committed to providing our students and teachers cutting-edge environments in which to differentiate instruction and to participate in venues that serve to enhance learning. Public performance and gallery initiatives allow our students to grow personally and serve to connect outstanding campus fine art programs to a great city, state, and nation. World-renown artists, conductors, clinicians, and consultants constantly make meaningful connections to our students in the classroom. Northside performing ensembles and student artwork continue to be recognized at the state and national level. Regardless of the student's interest level to be at an appreciation level, an understanding level, or a mastery level of learning, we teach our students to use the skills that are unique to fine arts to facilitate and to elevate their role as quality citizens, great leaders, incredible problem-solvers, professional artists, and yes... as lifelong consumers of the arts. Our middle schools offer classes exposing students to visual arts, band, choir, dance, mariachi, orchestra and theater.

Through our passion for athletics, we will instill a purposeful life in our student-athletes. Through their passion for athletics, our student-athletes will learn the value of adversity through perseverance, creating character traits that will instill a purposeful life. At our middle school campuses, we offer our students the opportunity to play football, volleyball, basketball, soccer, track, tennis, and golf.

In Northside ISD, Spanish language courses are designed to achieve the following objectives as aligned with the Texas Essential Knowledge and Skills for Languages Other Than English (TEKS for LOTE): To satisfy the needs of students who wish to pursue specific work to increase their ability to listen, speak, read, and write the Spanish language.

- To provide students the opportunity to compare and contrast their language and culture with those of Spanish-speaking countries and other parts of the world.
- To provide students with the opportunity to relate the topics to other subject areas, making Spanish relevant to the students' overall academic experience.
- To encourage students to seek opportunities to practice Spanish outside of the classroom by interacting with family members and members of the community.
- To encourage students to understand that they are members of a global society and help them develop "survival" skills in the language in order to function effectively in social interactions and discussions.
- To provide students with the opportunity to utilize technology incorporating the usage of multi-media labs.

Discover the exceptional Gifted and Talented (GT) program in Northside, tailored especially for middle school students. Our GT middle school curriculum is designed to nurture critical thinking, creativity, and leadership skills. Students learn foundational skills including 21st Century Skills, Next Generation Learning, Depth & Complexity, and Social/Emotional Learning, throughout the year with a curriculum that emphasizes project-based, hands-on learning across STEAM, Research, Entrepreneurship, and Character Development/Leadership strands. Guided by our dedicated campus GT Specialists, who also oversee the GT referral and testing process, your child will thrive academically and creatively.

Identified GT students attending any of our Middle School Magnets will receive GT services through specialized magnet courses and curriculum. These courses and curriculum are designed to foster

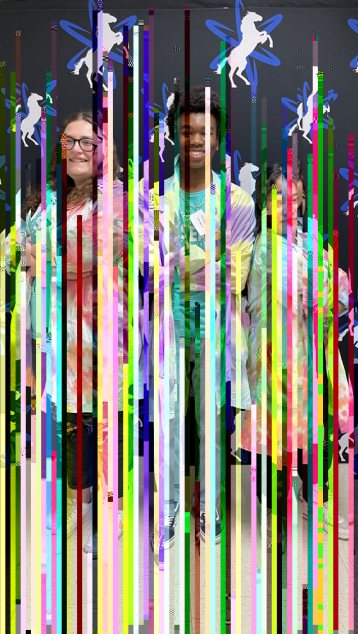

inquiry and challenge students to think critically, and create and conduct research to support their ideas and outcomes. Explore the endless possibilities for your child's educational journey with us, where they can earn high school credits while in middle school and embark on an enriching GT experience.

Students in Northside's Career and Technical Education (CTE) programs spend much of their time learning through a hands-on approach that prepares students for occupations and further study. CTE programs are available in middle school and high school and are available in many career areas of interest to students. Students interested in a particular field can look at the coherent se-

100% 100% 100%

aging lifelong learning, self-esteem, and community involvement. Our comprehensive offerings, including Gifted & Talented, Advanced Placement, Advanced Courses, OnRamps, Dual Credit, and AVID, expand access to higher education, enabling students to become independent thinkers. Our Advanced and AP courses elevate traditional academics, preparing students for success while potentially earning college credits. In the 2022-2023 school year, Northside students earned an impressive 61,807 hours of college credit, saving over \$17.8 million for NISD families. Join us in this journey of academic excellence, where we empower students to excel.

A &

Northside ISD offers a wide variety of programs - from after-school education to athletics; dual language programs to dual credit and advanced placement opportunities; career and technical education, magnet programs, as well as special education services.

In addition to the resources outlined below, visit our campus websites for more information specific to each campus.

Northside ISD provides specially-designed instruction, and related services to students with an identified disability requiring an individualized instructional program. Our goal is to provide tools and skills necessary to strengthen each student's role in decision-making while increasing student independence and ensuring academic progress. Our services include:

Applied Learning Environment
Deaf and Hard of Hearing Services
Music Therapy
Special Olympics
Visually Impaired Services

Autism Program
Early Childhood Special Education
Occupational & Physical Therapy
Speech Language Programs

At Northside Independent School District, our Fine Arts Department is a symphony of creativity, inspiration, and excellence. With a diverse array of offerings spanning visual arts, band, choir, dance, mariachi, orchestra, and theater, we're proud to engage over 80,000 students from grades K through 12 in the captivating world of fine arts. What sets us apart is our unwavering commitment to nurturing artistic talent, whether through our exceptional curriculum, enrichment courses, or Advanced Placement opportunities in Art History and Music Theory. In fact, Northside is one of the rare districts to provide certified art and music instructors in every elementary school, offering a golden opportunity for creativity to flourish from a young age. Our campus performances and galleries not only showcase the dedication of our teachers but also the remarkable skills and commitment of our students. We strive to provide cutting-edge environments that empower our students to excel, with world-renowned artists and experts enriching their learning experiences. Northside's performing ensembles and student artwork consistently earn recognition at the state and national levels, a testament to our commitment to excellence. Beyond honing artistic skills, we aim to instill in our students the qualities that transcend the canvas: the ability to be quality citizens, exceptional leaders, adept problem-solvers, professional artists, and lifelong lovers of the arts. At Northside, we believe in fostering imagination and creativity, making a meaningful impact not just within our community but across our city, state, and nation.

In the heart of the Northside Independent School District, our Athletics Department is not just about winning on the field; it's about instilling values that last a lifetime. With nearly 15,000 students in grades 7-12 participating in our athletic programs, we're not just building champions; we're shaping character. Our student-athletes learn the value of adversity through perseverance, and this commitment to excellence extends beyond the game. We're proud to have 314 academic all-state honorees and 2,175 academic all-district scholars among our ranks. Through their passion for athletics, our students are not only achieving on the field but also gaining the skills and character traits that will lead them to purposeful lives. At Northside, we're not just molding athletes; we're shaping future leaders who understand that success is about more than just winning—it's about the journey and the character we build along the way.
